

Cutter Suction Dredger – CSD 500

TRANS INTERNATIONAL LOGISTIKS SDN BHD (TIL) under the appointment of Hansa Meyer Global Transport GmbH, recently completed a movement of a Cutter Suction Dredger (CSD 500) with a total volume of 1,300 freight tons. The heaviest piece was the Main Pontoon with a total volume of 68tons having dimensions of L: 16.45 x W: 3.5 x H: 4.3m.

The urgency of the project required extremely quick deliveries where transportation ex-factory to Port Klang needed to be completed within one day of the vessel being nominated. The Main Pontoon also required special handling techniques due to the height whereby there were quite a

Main Pontoon at fabricator's ready for movement to Port Klang on multi-axle hydraulic trailer.

The Cutter Suction Dredger was picked up from the fabricators yard located in Shah Alam to Port Klang for loading onto ocean going vessel to Jebel Ali. At the fabricators yard the cargo was loaded onto multi-axles trailers, extendable trailers & extendable low loaders.
